Madison Consolidated High School

A Hoosier Hills Conference School

HANDBOOK

PURPOSE

This handbook is designed to explain the rules, regulations, and policies relative to participation in athletics at Madison

Consolidated High School. It is the belief of the coaches, administrator and Madison School System Board of Trustees that participation in athletics is a privilege, not a right, and that as a representative of the high school, school system and community, a student is expected to assume certain responsibilities and to live up to certain expectations. It is the purpose of this document to clarify those expectations.

Authority for conduct of athletics in Indiana is governed by the Indiana High School Athletic Association (IHSAA) via the principles of member schools. The principle is assisted by the athletic director and head coaches.

As stated in the IHSAA By-Laws; any school may establish their own set of guidelines above and beyond those established by the state.

IMPORTANT

STATEMENT OF PHILOSOPHY

The Madison Consolidated High School Athletic Department

It is the responsibility of the student/athlete and legal guardian to read this handbook before signing and returning Parent/Student Agreement Signature Card included in this booklet. Your signature indicates that you have read, understand, and will abide by all IHSAA and MCHS regulation as stated. A copy of the *Parent/Student Agreement* must be on file in the athletic office before an athlete may participate in any organized competition at MCHS. Only one signed "Agreement Card" is required for a student's high school athletic career.

believes a competitive athletic program is a significant part of the

total education experience. MCHS provides a program of interscholastic athletics which promotes participation for qualified students within the rules and regulations of the Indiana High School Athletic Association and the MCHS Athletic Department. It is the goal of our school to provide every student the opportunity to develop their potential as athletes in activities appropriate to their level of ability. MCHS strives to provide such opportunity as a further means of developing the intellectual, emotional and social maturity of our student, while at the same time teaching the importance of teamwork, sportsmanship and self-sacrifice.

MCHS ATHLETIC PROFILE

Madison has developed a rich and proud tradition in athletics. The school and community take pride in our many accomplishments. Our athletes have won championships at the conference, sectional, regional, semi-state and state levels.

MCHS offers a variety of athletic programs for its students. There are twenty sports opportunities for boys and girls at MCHS. Boys are offered a ten-sport program including cross country, football, soccer, and tennis in the fall; basketball, swimming and wrestling in the winter, and baseball, golf and track in the spring. Girls are offered a nine sport program including cheerleading cross country, golf, soccer and volleyball in the fall; basketball, cheerleading, and swimming in the winter; and softball, tennis and track in the spring. All students with sufficient ability are eligible to “try out,” provided they meet the established scholastic standards and conduct requirement.

CODE OF CONDUCT

Representing Madison Consolidated High School is an honor and privilege granted to students who are willing to make the sacrifices and commitment to meet the high standards expected of

students serving as ambassadors for the school. Students representing the high school through their participation in extracurricular activities are expected to be positive role models by exhibiting a higher standard of conduct than students not serving as representatives of Madison Consolidated High School. A student who brings discredit, embarrassment, or shame to the school by not abiding by the behavioral expectations may lose the right to represent MCHS.

The following requirements shall be in effect once a student-athlete enrolls in high school and continues until his/her graduation from Madison Consolidated High School. In other words, an MCHS athlete will be held accountable for his/her actions 365 days a year.

MADISON HIGH SCHOOL ELIGIBILITY REQUIREMENTS

Required Documentation:

Each MCHS student-athlete must have the following documents on file in the athletic office before they can participate in any organized practice or competition at MCHS:

- Physical Examination Form and Proof of Insurance (Same form)
- Parent/Student Agreement Signature Card (Handbook)
- Permission to Drug Test Form
- Impact Test
- SCA/Concussion form turned in

*MCHS administrators, coaches and trainers are concerned about student athletes' safety. Coaches are trained to instruct athletes in the safe and proper techniques of their particular sports. However, due to the nature of athletic activity, injuries do occur. The school provides the opportunity for participation while the parent/guardian retains the right of denial for such participation.

Parent/guardians will be responsible for all medical costs associated with athletic participation. We strongly advise that parents purchase insurance to cover athletic injuries and the cost of treatment.

The IHSAA carries catastrophic insurance for major injuries incurred during participation in approved IHSAA sports programs. The policy pays a premium on catastrophic coverage from \$25,000. It should be noted that neither the IHSAA nor Madison Consolidated High School carries any kind of first dollar medical insurance for athletic injuries.

ATHLETIC PHYSICALS

A properly completed physical form must be on file in the athletic office before an athlete can practice.

MULTIPLE SPORT PARTICIPATION

The Madison Consolidated High School Athletic Department supports the concept of participation in more than one high school sport. High school coaches should not establish expectations "out of season" which would prohibit or restrict a student's participation in another sport which is "in season." A student who wishes to participate in more than one sport in the same season (fall, winter, and spring) must have prior approval of the coaches involved and the athletic director. A schedule resolving all practice and competition conflicts must be

established prior to the season. The student athlete may be asked to designate a “primary” sport if necessary.

ACTIVITY CONFLICTS

Where sports and other school activity conflicts occur, the following policy will apply:

- The “performance,” i.e., the athletic game or meet, theatrical performance, concert or contest in music, has priority over practice or extra rehearsal. In the event a practice, extra rehearsal, or even final dress rehearsal is scheduled at the same time an athletic game or meet occurs in which the student is participating, the game or meet has priority and the music member is excused without penalty. Conversely, in the event the theatrical or music “performance” conflicts with an athletic practice, the “performance” takes priority and non-participation will not result in a penalty.
- In the event the practice occurs at the same time as theater, music, and sports, the practice time shall be divided equally between the two activities. The parties involved can work out a mutual agreement to trade off every other day in having the athlete involved.
- In the event a theatrical or music performance conflicts with a game, scheduled at the same time, the student is permitted a choice without penalty. If this causes a problem, the high school principal will act as arbitrator.

EQUIPMENT AND SUPPLIES

- No athletic equipment issued to team members may be worn in gym class or outside of practice or game situations.

Note: jackets, jerseys, etc. are not to be worn by anyone other than the athlete to who the equipment was issued. (Exception: athletes may wear game jersey, shirt or warm-up on the day of a game or meet with the coach’s approval.)

- All equipment issued to athletes shall be recorded by the head coach and returned at the conclusion of the season.
- It is the coach’s responsibility to see that all equipment is returned and in good condition.
- If the equipment is lost or has had abnormal usage, the athlete will pay for the replacement.
- All student purchases through the athletic department must be paid for prior to equipment being issued.

TRANSPORTATION

- It is expected that all athletes ride on the bus to and from the site of the game/meet.
- Appropriate behavior and citizenship is expected of all students who ride buses.
- The coach is responsible for exercising control and maintaining proper supervision of their team on the bus.
- An athlete must remain under the supervision of the coach on all trips from the time of departure until the return to Madison.
 - Exception: an athlete may return home with his/her parent(s) upon the parent’s notification, in writing or in person, to the coach. This request may be denied by the coach.
 - No athlete may ride home with a team member’s parent unless a written permission note from his/her parents is given to the coach prior to departure.

- No athlete will be permitted to return home with anyone but a parent or a pre-approved parent of a teammate.

WEIGHT ROOM RULES

- No athlete is permitted in the weight room without a coach supervising.
- No food or beverages are permitted in the room.
- No horse play, running, wrestling, etc. will be tolerated.
- All athletes are expected to work with “spotters’ at all times.
- Equipment should be put back in its place after use.
- In season sport teams will have first priority for weight room usage.
- Athletes failing to comply with weight room rules will be reprimanded or could lose their privilege to be in the weight room for a period of time.

INDIVIDUAL TEAM RULES

Each head coach may establish training and behavioral rules for athletes under their supervision during the IHSAA season. These rules will typically cover language, being on time for practices, dress for contests, decorum at contests and on buses, sportsmanship, and curfew on nights before and after contest.

Specific rules established by the head coach in a sport will be put in writing and a copy will be made available to the athlete and his/her parents.

Note: some head coaches may have “Team Rules” that go above and beyond those established in the MCHS Athletic Handbook.

CHANGING SPORTS

Athletes will be allowed to transfer from one sport to another only with the approval of the athletic director and both head coaches.

- Transfers will be denied for the following reasons:
 - The first scheduled contest of the season has already been played.
 - The athlete has not turned in all equipment, locks and uniforms.
- In the event an athlete is dismissed from a team during the season for disciplinary action, he/she will not be allowed to join another team during the same season.
- In season quit/removal. Prior to participation in anything during season athlete left until season tournament completion or both head coaches and athletic director meet and agree.

GAME CONDUCT

Athletes are expected to represent Madison Consolidated High School and the community in a positive manner in school, out of school, and on the athletic field. Profanity or inappropriate gestures will not be tolerated and may result in suspension.

EJECTION FROM AN ATHLETIC CONTEST

Anytime an athlete is ejected from a game, meet, etc. the athletic director will be notified as soon as possible. The athlete will be suspended from participation under the following guidelines.

First Violation

According to IHSAA By-Law C-8-3: Any contestant or coach ejected from a contest for an unsportsmanlike act shall be suspended

from the next interschool contest at that level of competition and any other lower level contest in the interim, in addition to any other penalties assessed. The athlete may not:

- Participate in any contest at any level of play until suspension has been served.
- A suspended athlete may practice during the suspension period at the athletic director's discretion.
- A suspended athlete must attend contests at the athletic director's discretion.

Note: Tournaments (conference, sectional, etc.) are not exempt from suspension. If a tournament is the next contest, the athlete will be unable to participate until required suspension is served.

Second Violation

Any athlete who is ejected from a Contest for an unsportsmanlike act a second time during a sport season shall be suspended for the next two (2) Contests at that level of competition and all other Contests at any level in the interim, unless an IHSAA sport-specific rule or policy provides a different protocol or penalty for a second ejection.

SCHOOL ATTENDANCE

Absence from School

- An athlete should strive to be at school every day.
- Students who are absent from school or do not arrive by the end of period 3, may not attend extra-curricular activities that evening. If extenuating school or family circumstances results in a student's failure to be present for these classes, and exception can be made by school administration.

In School Suspension

Any student assigned all day "in school" suspension due to misconduct is ineligible to practice or compete that day. Any student who violates this rule will be suspended from two athletic contests to run consecutively.

Out of School Suspension

No student will participate in practice or competition on the day that he/she has been suspended from school for that day or any part of that day. In order to return to participation, the student must gain clearance from a school official designated by the principal.

SUMMER PARTICIPATION

- The IHSAA allows coaches of team sports to conduct a one-week team camp at the school facilities for high school athletes. This camp may be conducted anytime during the summer but must be completed prior to Monday, Week Four (4) of the IHSAA calendar.
Note: This team camp shall be voluntary. No athlete will be penalized for non-participation.
- The IHSAA mandates a one-week moratorium from all open facility, conditioning, and weight lifting programs. There shall be no contact between the coaches and student athletes during this week.
 - The IHSAA has established the Week of July Fourth (4th) for the one-week moratorium. Additional weeks may be mandated by the MCHS Athletic Department.
 - The IHSAA no longer establishes rules and mandates concerning summer practices or open gym activities. The IHSAA does require all summer activities end by IHSAA Week Four (4)

SOCIAL MEDIA POLICY

Our student-athletes are not restricted from using social media, however each team/coach has the discretion to establish rules and penalties as they see fit

***PLEASE NOTE**

Any use of social media that is deemed inappropriate and does not fit under the RULE 8, Section 1, IHSAA By-laws will face disciplinary action determined on a case by case issue by Athletic Director and Head Coach as well as supported by Principal

ALCOHOL

A student participating in co/extracurricular activities shall not possess or be under the influence of any alcoholic beverage. Violation of this rule will result in the following disciplinary action.

First Offense: Parent(s) will be required to meet with the athletic director and head coach to discuss the course of action. The minimum consequence shall be

- An immediate suspension from fifty (50) percent of scheduled contests. If the student-athlete is not currently participating, then the suspension will be served during his/her primary sport.
- Completion of 20 hours of documented community service with an approved service organization. Students may participate in practice sessions (with approval of the head coach and athletic director) but may not dress out for games or activities until all requirements for the violation of this rule have been completed.

MCHS DRUG TESTING

The Madison Consolidated School System has a random drug testing program.

DRUGS

No student-athlete shall possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate or marijuana. In addition, the use of steroids or illegal inhalants (huffing) will also be prohibited.

Use of a drug in a manner authorized by a medical prescription from a health care provider is not a violation of the rule. In addition, students participating in co/extracurricular activities may not possess, use or transmit any substance which is represented to be or look like a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, or intoxicant of any kind.

Also, possessing, using, transmitting, or being under the influence of caffeine-based substance, substances containing phenylpropanolamine (PPA), or stimulants of any kind, be they available with or without a prescription will not be permitted.

Violation of the drug policy will result in the following disciplinary action:

First Offense: Parent(s) will be required to meet with the athletic director and head coach to discuss the course of action. The minimum consequences shall be:

- The student will be required to sit out fifty percent of the scheduled contests in his/her current sport. If the student-athlete is not currently in a sport, he/she will serve the

suspension during his/her primary sport. Students may participate in practice sessions, with head coach/athletic director approval. In addition:

- A written statement from a certified substance abuse counselor stating proper treatment is being administered to the student based on the severity of the problem will be required before the student may be reinstated.
- The student must be willing to submit to random drug testing at any time deemed appropriate by the MCHS Principal or Athletic Director. Under no circumstances shall students who are suspended be permitted to “dress out” or participate in extracurricular activities during their suspension period.

Second Offense: A student participating in extracurricular activities that violates the MCHS drug policy for a second time will be ineligible to participate in any extra curricular activities for one year from the date of the offense. In addition, the student will be required to undergo an approved drug treatment program prior to reinstatement.

Third Offense: The student will be banned from participating in any and all further extracurricular activities while enrolled as a student at Madison Consolidated High School.

TOBACCO/VAPING

A student participating in extracurricular activities shall not use or possess tobacco in any form which shall include but not be limited to snuff, chewing tobacco or smoking tobacco.

First Offense: The student-athlete will be required to meet with the athletic director and head coach to discuss an appropriate course of action. The minimum consequences shall be ten hours of community service. In addition, the student will

be required to sit out twenty-five (25) percent of the scheduled contests within their sport.

Second Offense: Parent(s) will be required to meet with the athletic director and head coach to discuss the course of action. The minimum consequence shall be

- An immediate suspension from fifty (50) percent of scheduled contests. If the student-athlete is not currently participating, then the suspension will be served during his/her primary sport.
- Completion of 20 hours of documented community service with an approved service organization. Students may participate in practice sessions (with approval of the head coach and athletic director) but may not dress out for games or activities until all requirements for the violation of this rule have been completed.

Third Offense: the student may not represent MCHS in the capacity or participate in any extra curricular activities for one calendar year from the date of the offense.

THEFT AND VANDALISM

The taking, willful destruction or marring of personal or private property by any student participating in any extra curricular activities shall not vandalize the property of others, in any setting or location. A student shall not have in their possession any item taken from another individual, school, business, etc. without permission or without properly purchasing an item. Being in possession of stolen property shall be treated the same as actually stealing the property. Violation of this rule shall result in the following disciplinary action.

First Offense: Parent(s) may be required to meet with the athletic director and head coach to discuss the course of action. The minimum consequences shall be that full restitution must be made to the party that suffered any damages or losses and the

student must do a minimum of twenty (20) hours of community service. The student will be required to sit out fifty (50) percent of the scheduled contests within their primary sport. Under no circumstances will the student-athlete be allowed to participate until all restitution had been made.

Second Offense: the student will not be allowed to participate in any extra curricular activities or represent MCHS in any capacity for thirty (30) days from the date of the offense and must pay full restitutions for the damages he/she caused. If the student-athlete is not currently participating in a sport, he/she will be suspended for the first thirty (30) days of his/her primary sport.

Third Offense: The student will be banned from participating in any and all further extracurricular activities while enrolled as a student at Madison Consolidated High School.

SELF REFERRAL POLICY

A self-referral may be initiated only by a student who believes he/she has the potential to abuse or is abusing drugs, alcohol, or tobacco. That student must make the initial referral contact with a Madison Consolidated High School certified employee who will involve a MCHS administrator. A third party may accompany the student at the time of the referral. A school administrator will determine the disciplinary consequences of the self-referral. A self-referral which will not subject the student to otherwise applicable disciplinary consequences of this Student Assistance Policy is one which that administrator determines was (1) motivated by the student's strong desire to avoid future use of drugs, alcohol, and/or tobacco and (2) not shortly after an event, or the student becoming aware of an investigation, which makes imminent exposure of the student's potential for abuse (or actual abuse) likely.

STUDENT APPEAL PROCESS

- An athlete has the right to appeal violations.
- The imposed penalty will remain in effect during the appeal process.
- The appeal must be made within five (5) school days following notification of the penalty. It must be in writing stating the basis of the appeal. School officials will review and decide on the appeal within five (5) school days.

Student athletes who wish to participate in collegiate athletics must meet NCAA athletic eligibility requirements. These requirements vary depending on NCAA division.

Some of these requirements include:

- A specific grade point average in core curriculum.
- A specific score on the ACT and/or SAT.
- Certification by the NCAA Initial-Eligibility Clearinghouse.

A student athlete who does not meet these requirements may still be admitted to a college or university and may still be eligible for financial aid.
